SonicLife

Voice Coil Frequency Activated Vibrational Trainer: repeated up and down movement resonates the whole body, which stimulates bones, muscles, blood vessels and cells in a manner that promotes their rapid development and circulation. This gentle exercise is recommended for detoxification, pain management, circulation and anti-ageing benefits. Home and professional models available.

Dry skin Brush, then Baths

Use Sea Salt & Soda, vinegar, Epson salt, etc. With a total surface of about 1.8 m², and a total weight of about 11 kg, our skin is the largest human organ. Your skin is the armor that helps to protect your immune system from bacteria and disease. The skin regulates our body temperature. The production of sweat which evaporates on the skin's surface, will cool us down.

ENG3: Bio-Identical Signaling technology

Model *Discount Code:* DK1204 Nano VI Klinghardt pricing available

[Email for more information and discount](#)

The NanoVi™ bio-identical signaling device is used to improve the body's ability to combat cellular damage caused by excess free radicals. The build up of free radicals, called oxidative stress, accelerates the aging process and undermines health and performance. Using the NanoVi™ device supports cellular activities, including the uptake of oxygen, to help you look and feel your best. Used by our Lyme, Autism and chronically ill patients.

Allergies, Asthma, Chemicals, Molds sensitivities.
