Electromagnetic Radiation (EMR): DVD Set

Creating Safety in a Hostile Environment 2014

Featuring Katie Dahlgren, ND, *Dr. Klinghardt's lead physician*

DVD : \$200.00

*with bonus lecture by Dietrich Klinghardt MD, PhD on
Health Risks of Electromagnetic Radiation Exposure*

Dr. Katie Dahlgren has the most current knowledge to share with our Academy participants regarding Dr. Klinghardt's emphasis on health effects of Electromagnetic Remediation in our environment. Dr. Dahlgren is a Klinghardt Academy certified practitioner and has worked alongside Dr. Klinghardt for almost a decade as his senior naturopathic and is now in her own practice in the state of WA. Our certified practitioners assess each patient individually with Autonomic Response Testing for personalized treatments and guidance yielding safe and effective healing with positive outcomes for the most chronic conditions facing our world. Dr. Dahlgren is dedicated to giving her patients the best of naturopathic care on all levels, with Dr. Klinghardt's full confidence to relay the most appropriate and useful information to our Klinghardt Academy practitioners and patient advocates.

This lecture highlights the guidelines, trusted resources and tools, that are working today for the safest and most effective remediation for home, body harmonization, computers, cell phones, grounding, baby monitors, blue tooth, modems, cordless phones, wireless systems, to create a safe environment in and outside the home and workplace with assessment guidelines that are currently implemented in the clinic. You will learn the importance of testing the frequencies, their biological impact, accurate Geopathic Stress test, how to use the meters, symptoms of mold illness and important lab tests and how to interpret them, the difference between unhealthy EMR and the positive effects of Pulsed Electromagnetic Fields (PEMF Mats) and clearing the field in your sleeping environment for healing to give your immune system a restful night sleep. This is a must for those with known sensitivities, parents of children with autism, mothers to be, and for all those we hold dear to our hearts. All are affected in the world today.

Dr. Klinghardt lectures on Health Risks associated with Smart Meters and Electromagnetic Radiation and give his personal views from the 40 years of experience in medical practice around the globe regarding the patient of today and recommendations for a healthy future. A great resource.
